### House Appropriations Request FY 2010

**Project Name:** Western Wake Water Reclamation Facility  
**Recipient:** Town of Cary  
**Recipient Address:** 316 N. Academy Street, P.O. Box 8005

**Recipient City:** Cary  
**Recipient State:** North Carolina  
**Recipient Zip:** 27513

**Amount of Request:** \$2,000,000

**Explanation of the request (must include purpose and why it is a valuable use of taxpayer funds):**

The State of North Carolina issued an interbasin water transfer requirement that mandates that Cary, Apex, Morrisville and the Wake County portion of the Research Triangle Park return reclaimed water to the Cape Fear basin by 2011. To meet the state mandate, the Town of Cary and neighboring localities have initiated the Western Wake Regional Wastewater Management Facilities project. The Western Wake Regional Wastewater Management Facilities project will increase wastewater treatment capacity through the construction of wastewater pumping stations and force mains to deliver raw wastewater to the new Western Wake Regional Water Reclamation Facility for treatment. Funding sought will be used for construction of Cary's portion of the Western Wake Regional Water Reclamation facility.

*In order to offer more opportunity for public scrutiny, I have posted information on each project request submitted to the Appropriations Committee at the time the request was made.*
